VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, JULY 1, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:

Wednesday Morning, July 1.

Another Arrival from Europe.

The *Niagara* brings later dates from England and the continent. The Liverpool circulars quote breadstuffs dull, while those from London note a considerable advance.

Another heavy failure had taken place in Liverpool, reaching $850,000.

The English Catholics were much excited in relation to the failure of their amendment to the Jews' Disabilities bill.

The French elections were creating some excitement.

Minnesota Election.

There is no longer any doubt as to the result of the recent election in Minnesota for the Convention to prepare a Constitution preparatory to admission into the Union. The Republicans have carried the day handsomely, having 59 members to 43 of the Sham Democracy, giving a majority of 16 on the right side. Well done for Minnesota!

CELEBRATION OF THE FOURTH.—From the notes of preparation which meet us everywhere in our State exchanges, we think that the National Anniversary will be observed this year with greater spirit than ever before.

Here, in Milwaukee, if the weather is favorable, we shall certainly exceed all former celebrations. What with the Military Companies belonging here, and their guests, the Chicago Light Guard, and perhaps others from abroad—the Encampment—the splendid display for which the Firemen are preparing—the Fireworks, the Regatta, &c., &c., there will be great attractions offered to our friends from abroad.

All the Railroad companies will run trains at half fare, taking excursionists to their homes at night, after the performances are over.

Cricket—A Challenge to the State!

The LISBON CRICKET CLUB request us to say that they challenge the State, the Milwaukee Club included—such is the message—to play with them a round game of Cricket. If the challenge is accepted, the details to the match can be arranged.

We believe that our Milwaukee Club has not played lately, and perhaps they might not be inclined to 'try titles' with our sturdy Lisbon friends, who keep up their practice in true English style.

ACKNOWLEDGEMENT.—Thanks again to Mr. STORMS, clerk of the steamer *Ocean Wave*, for late St. Paul papers, and to Conductor ROCK, of the Milwaukee and Mississippi R. R., for bringing them to hand.

OFFICIAL.—Chief Justice CARTER, of Evansville, Indiana, and two constables of that city, are now in jail there, having been sentenced to thirty days confinement for a petty offence, and the *Journal* states that one of the constables of the city is in jail, that two others ran away in the night and have not yet returned, and that an ex-Justice swindled a number of the neighbors and decamped.

DESCENDANTS OF WALTER SCOTT.—Many of the men who have filled the widest space in the world's history have left no children; or if children, their race has died out within a few years. It has been feared that this would be the case with Sir WALTER SCOTT, but our Caledonian friends, as we see by late advices, are rejoicing over the birth of a great-grand-child of Sir Walter.

MADEIRA WINE.—The wine at the Madeira Islands seems to have almost entirely given out and the inhabitants have turned their attention to other crops. It will, doubtless, make very little difference as to the quantity of Madeira wine sold, as *that* is made of various interesting condiments, quite different from grape juice.

IMMIGRATION AT QUEBEC.—By the Toronto *Globe* we notice that the number of emigrant passengers arrived at Quebec thus far this season is 16,059.

A SISTER OF MERCY.—We find the following statement in regard to Miss Dix, in the London Illustrated *News*, June 13th:—Miss Dix (of Boston, U. S.) who has taken so admirable a part in forcing the state of the Scotch lunatics upon public notice, appears to be a person of extraordinary devotion to her sense of duty. So feeble in body that she can scarcely walk half a mile, she has travelled over the whole of the United States, and induced nineteen of the local legislatures to erect and endow State lunatic asylums. She has also extended her influence to the erection of light houses and the establishment of life-boats on many parts of the American coast. When convinced of the horrible treatment of the mad in Scotland, and furnished with letters to the Duke of Argyle and one or two others of the ministry, she started from London, drove direct from the railway station to their residences, and gained their promise of the commission of inquiry before she secured a lodging or changed her dress.

MORE MEAN PROSCRIPTION.—The Plattville, Grant Co., *American* gives the following account of two instances of small meanness by the General Post Office Department in that county:

POST OFFICE DISCONTINUED.—About a year ago, under President Pierce's Administration, a new Post Office was established in a thriving farming community in Lafayette county, about six miles east of this place, six or seven from the Kendall P. O., and five from Elk Grove. It took the "Black Republican" name of Bashford, had a "Black Republican" P. M., and accommodated a large number of people. The new administration, however, is very economical, in some sections, and being advised, probably, that the Bashford Black Republicans had better accomodations than they deserved, it has discontinued the office there. The office at Elk Grove has also been taken from Capt. Leslie, a highly respectable old resident, who has had it for a number of years, and with whom no fault could be found, and removed to Martin's Tavern, in reward for his valuable services to a whisky democracy.

The people of Bashford had a meeting on the subject the other day, but concluded it would be useless to attempt to do anything at present, as the party in power seems to think that Black Republicans have "no rights which they are bound to respect.

JUDGE TRUMBULL, OF ILLINOIS.—The New Orleans *Crescent* has the following allusion to Senator Trumbull, of Illinois, and his collision with sundry doughface democratic Northern Senators:

Judge Douglas, who considers Trumbull's presence in the Senate a thorn in his side, attacked him one day last summer, when Trumbull not only defended himself with masterly ability, but charged home upon the "little giant," and held him a closely contested discussion for two or three hours. It was during this debate that Trumbull sought to bring out Douglas as to whether he favored or opposed squatter sovereignty in the territories. The giant evaded a reply for a long time, but, being pressed, finally got out of it by saying it was a judicial question, and he could not forestall or influence the decision of the Supreme Court by pronouncing an opinion on it in advance! There is no doubt, in my own mind, that Douglas does not recognize this doctrine, but fearful of its effects upon his popularity in the South, was afraid to avow it.

Judge Trumbull is one of the boldest of the Black Republican senators, and does not hesitate to break a lance with the ablest of the opposition. A few days before the adjournment of the last session, Toucey of Connecticut, (now Secretary of the Navy,) happened to say in debate that the Black Republican was an "unconstitutional" party. Trumbull walked into him and scored him without mercy. Toucey had to explain, and qualify his remark, before Trumbull would let him off.

A MISSISSIPPI RAFT.—The McGregor, Iowa, *Times* says:

On Saturday last the whole Mississippi was blocked up by a moving world of Lumber, Lath, Timber and shingles which were safely moored in McGregor Bay by the skillful seamanship of our townsman, Capt. James Lesh. Six hundred and twenty thousand feet of lumber, and three hundred thousand Lath makes a pretty large craft to run safely into port from the Upper Mississippi.

THE CASE OF MISS GARDNER.—Our St. Paul papers are full of accounts of the reception of Miss GARDNER, the sole survivor of her family, who were massacred by the Sioux Indians at Spirit Lake, and who was with others carried away captive. All of them were terribly ill-treated, and all but Miss Gardner and another lady, finally murdered. Miss G. was at last rescued by some friendly Yankton Sioux, from the bands under "Ink-pa-du-tah," who carried them off. (By the way, we believe that this last named Indian is the one who received so cordially, and took such a fancy to our fellow citizen, Mr. NAPRSTEK, and changed names with him.)

The Indians who brought Miss Gardner to St. Paul, are thus described in the *Minnesotian*.

MA-ZA-CU-TE-MANI (The Man who Shoots Metal as he Walks) is a most benevolent appearing Indian, who has in a great measure adopted the customs of the whites. He was dressed entirely in civilized habiliments. He cultivates his ground, lives in a house, and has adopted the Christian faith. He is moreover President of the Dakota Republic,—a government formed by civilized Indians on the Dakota Reservation. HOTON-WASHTI (Beautiful Voice) and CHE-TAN-MAZA (The Iron Hawk) are braves of much renown. The former is said to have taken many scalps; but these, two, like MA-ZA-CU-TE MANI, have in a great measure given up Indian customs, and desire to cultivate the soil, and live like white people.—Yesterday morning these Indians paid a visit to their old friend, W. H. FORBES, Esq., of this city, where the pipe was smoked and a pleasant and agreeable season enjoyed.

The *Times* says:

They received the kindest and most friendly treatment from Governor Medary, who evinced a desire to encourage their well doing, by thanking them for the interest they had taken in the ransoming of Miss Gardner, and promising to protect them in all their good deeds.

Gov. Medary promised to tell the Great Father at Washington of thier courage and their valuable services in rescuing the suffering.

A beautiful Indian war-cap was then presented to Miss Gardner by Maj. Flandrau, in behalf of the Yanktons, and, as none but those who are united to war against a common foe, are allowed to wear it, it was thus publicly presented as a significant emblem of their confidence in the pale faces, and as a pledge that they would join them for the extermination of the outlaws.

They also received $1,000 from the Governor in the afternoon, as a recompense for their time and trouble.

Miss Gardner left for Washington on the 25th with Gov. Medary. A liberal collection was taken up for her at St. Paul.

From the Portage City Record.

Letter from Judge Potter.

Although the following is but a private letter, we shall offer no aplogy in giving it to the public. We intended to have put it into the hands of the President of the recent Convention in Milwaukee, but unfortunately it got mislaid for a few days.

The sound political sentiments of this letter will meet with a hearty response from every friend of *true* democracy in the State:

EAST TROY, June 5, '57.

DEAR DOCTOR:—I start to-morrow morning for Kansas, to look on and see for myself how an election is conducted in that *pattern* Territory—that the first-born of Douglas' Kansas and Nebraska bill—under the squatter sovereignty system. I wish you could go with me, but I presume you intend to be present at the Convention to be held at Milwaukee on the 17th. It would afford me very great pleasure, could I be there too, and participate in the free interchange of those sentiments and feelings which have been engendered in the hearts of all true men by the most atrocious political decision of the Supreme Court of the United States; and by the evident determination of the Federal Government to paralyze the power of the indivual State by striking a deadly blow at State sovereignty. This determination was first manifested by legislative enactment in the Fugitive Slave Law—then by a tyrannical and heartless execution of that law, among, and in some instances, upon free men, denying the power of the States to protect their own citizens from the baseless claims of any unprincipled scoundrel whose lusts might be gratified by assuming the prerogatives of Omnipotence and asserting a right of property in a human soul.

Thank God! our own noble State, through her highest judicial tribunals, in the face of this impudent denial on the part of the great central power, re-asserted her rights, and avowed it to be her duty to protect all, even the most humble of her citizens, and to see that no one of them should be "deprived of life, liberty or property except by the judgment of its peers." She stands erect and firm upon the corner stone of that great national fabric of which our fathers were the architects and builders, and which has its deep foundation on that great truth which they dared to promulgate in the teeth of despotism, and in defense of which they sacrificed their fortunes and their lives—"all men are created equal and are entitled to certain inalienable rights, among which are life, liberty and the pursuit of happiness." She asserts her sovereignty within her State limits, *and she will maintain it.* She denies the power of the Federal Court to review or interfere with, the decisions of her Courts in any case where the liberty or the property of her citizens may be in jeopardy.

The States must all take this position, or our government becomes a great consolidated despotism. Far better that they should resolve themselves into their original position, than such a consummation.

While I hold that the Federal Government has no power under the Constitution to make a slave I also hold that her Courts have no power to declare or decree a man a slave. Slavery has, and can have no warrant in the Constitution of the Union. On the other hand the legitimate construction of that instrument would confirm and sustain the right of every human being under its jurisdiction, to freedom—unless deprived of it as a punishment for crime. The decision of the Federal Supreme Court as pronounced by its Chief Justice is sheer blasphemy—it is an infamous libel on our government—a lasting disgrace to the court from which it issued, and deeply humiliating to every American citizen. It will ignore the paternal character of the Deity—it denies the declaration of our fathers—it treats with contempt the cherished principles which from our infancy we have been taught to hold as sacred, and which we can never yield except with the final hope of the further progress of our race in all that constitutes true happiness.

It is my earnest hope that the convention will accomplish all that its most sanguine friends hope for it—the concentration of public sentiment against the wrong and oppression which threaten us.

It has been a long time since I have heard from you except through the *Record*, which is all that it should be.

Truly your friend,
JOHN F. POTTER.

The Nomination of Mr. Banks.

The nomination of Mr. Banks for Governor by the Worcester Convention, will be hailed by the Republican party throughout the nation as a nomination eminently "fit to be made." It will be regarded with reason as the harbinger of union against pro-slavery Democracy, and of success in the Presidential contest of 1860. If the Republicans of Massachusetts had suffered themselves to be led by passion and prejudice rather than by reason and good sense, the result might have been disastrous in the extreme to the great national cause of fredom. By adopting the sensible and practical course, the course marked out for them by the principles of the Philadelphia platform, they have secured a position in the State which cannot be shaken or assailed, and which cannot fail to have a powerfull influence on the future of their party in the nation.

We have never doubted that the Convention would nominate Mr. Banks. Every consideration of principle as well as of policy demanded his nomination. The fundamental doctrine, the leading idea of the Republican party, is that of the union of men of all parties against the extention of slavery, without regard to differences of opinion upon other questions—that question being considered paramount, and all other political questions subordinate. The opposition to Mr. Banks among the Republicans, so far as it was based on principle and not on personal prejudice, was grounded wholly on the subordinate and minor question of the naturalization laws, and was, therefore, not in accordance with the spirit of the Philadelphia platform. By the spirit of that platform, the Republicans were precluded from proscribing Mr. Banks because of his views upon the subject of naturalization. They could with propriety only demand that he should occupy a satisfactory position upon the question of slavery.—*Boston Traveller.*

☞ KIRKLAND'S NEW PIER is getting to be a formidable "bridge." Capt. BLISS has had his steam Pile Driver at work on it some weeks, and has not only repaired the breach of last winter, but has added over 300 feet in length of double width (60 feet) to the portion built last year; so that the whole length is now about 1400 feet. There is a depth of 15 feet of water along side the pier for about 600 feet from the outer end, towards shore, which will enable two or three propellers to lie there with a pretty heavy sea. We learn that it is expected that the boats will all stop at that pier in a few weeks. The fall of the water in the Lake, and making of a bar near the end of the North pier, makes it difficult for heavy loaded propellers to land there.—*Sheboygan Times.*

FROM THE UPPER MISSOURI!

Arrival of the Spread Eagle—The Mountain Snows Disappearing Rapidly—No Flood Coming—The Indians.

The steamer Spread Eagle arrived last evening from a point on the upper Missouri, *two thousand five hundred miles* distant from St. Louis and one hundred and eighty miles beyond fort Union, at the mouth of the Yellowstone. At two o'clock yesterday, forty-eight days had elapsed since her departure from this port, on business connected with the American fur company. She brought down about five thousand packs of furs, and fifty mountaineers, men attired partly in Indian garb, and with faces almost as dark as that of the Indian.

The Spread Eagle left fort Randall last Monday morning, and consequently made a fast run from that point. We learn from her pilot that she was compelled to return on account of the river above fort Union being low and falling, and that it is so narrow as scarcely to admit of a boat being turned round. From the information he received, he is convinced that there will be no further rise of any importance this year, in the Missouri, as the snow in the mountains was melting very gradually, and not much of it was left.

The Indians, as far as known, were quiet, and showed no disposition to fight amongst themselves, or to trouble the whites, excepting on one occasion, as follows:—On the down trip, a band of armed Assiniboins were observed congregated on the bank, and made signals inviting the boat to land. The officers not thinking it quite safe to do so, determined to pause, and sounded the bell as if about to land, but kept her moving swiftly past.

The Indians were of course highly displeased at this movement and fired a volley at the boat, but fortunately only one bullet struck the boat. No one was hurt. This was the last seen of these Indians. It will be recollected that there were several cases of small pox on board of the steamer Clara when she visited the upper Missouri last year. It was afterwards ascertained that the dreadful malady found its way about the same time into the lodges of a certain tribe of Indians, and made fearful havoc, sweeping away a large part of their number, and almost depopulating one or two of their villages. The surviving Indians of that tribe are to this day greatly incensed against the Clara, and speak of her in terms of hatred and vindictiveness.—*Missouri Dem.*

Horrible Accident at Racine.

We are pained to record an accident which happened yesterday morning on the Railroad, by which a well known citizen of this city, Mr. ROSWELL CANFIELD, was almost instantly killed.—The circumstances of the melancholy affair, as near as we can have them, are substantially as follows: A vessel belonging to Mr. C., was unloading a cargo of timber near the Red Bridge, on the east side of the river, and he wishing to go to her on some business, started from his lumber yard on the west side, crossed Fourth street bridge, and went down the bluff to the Railroad track, just north of the Bryan warehouse. He had scarcely stepped upon the track, when he was struck by the tender of the locomotive "Mount Carroll," which was backing down from the Round House to the Depot, knocked down, and run over by the tender and engine. His right arm was cut off near the elbow, several of his ribs crushed in, and his body otherwise horribly mangled. He was conscious when picked up, and was immediately taken to his residence, when he breathed his last in about an hour.

No blame can be attached to the engineer, as Mr. C. came on to the track so near the tender that it was impossible to see him until both the tender and engine had passed over him. It is probable that he did see or hear the engine as he was walking towards the north, and was so immersed in thoughts about his business, that he was not aware of its being so near.

Mr. C. came to Racine about sixteen years ago, and has, ever since that time, been deeply interested in its business and prosperity, and his loss will be deeply and widely felt. He was, at the time of his death, largely engaged in the lumbering business.—*Racine Journal.*

The Fort Ridgley and South Pass Road.

Col. Nobles is yet unable to move, for want of the funds appropriated by Congress for the road of which he is Superintendent. The Secretary of the Interior, it appears has chosen to waste the appropriation by keeping the men which he has authorized to be employed, in camp and in idleness. He authorized Mr. Gorin, the disbursing agent to come on here, and assured him before coming that $15,000 awaited his draft upon the Assistant Treasurer at New York. But when Mr. Gorin drew for this amount, a few days since, his draft came back protested!

The whole particulars of this derelict action on the part of the Secretary of the Interior will be laid before the public ere many more days transpire.—*St. Paul Times.*

EXTENSIVE FORGERIES AT HARTFORD.—The Hartford *Press* of Tuesday, says that great surprise has been excited in business circles there by the discovery that Dan W. King, of Suffield, cigar maker, has been for some time past, probably more than a year, engaged in quite a complicated series of forgeries. Besides forging the names of various persons in different sections as makers of notes, he forged endorsements of Lucius Hathaway, Sheriff S. B. Kendall, and most largely of Dan King [his father] and D. W. Norton. It is supposed that there are from $15,000 to $20,000 of this paper out, but the amount is uncertain. D. W. King was arrested not directly upon the charge of forgery, but for obtaining property under false pretences. Mr. King, the *Press* says, has had an excellent reputation, and his conduct causes great astonishment and sorrow among his acquaintances and friends. He is about 45 years old, and has a wife and children.

BUSINESS FOR THE MONTH AT RACINE.—By reference to Deputy Collector ULLMANN's books, we learn that the amount of wheat shipped from this port for the month of June, exceeds the amount sent forward for the same time last year, 167,503 bushels. From the same source, we also learn that the receipts of lumber for the month, are 4,870,000 feet more than for June of last year. Major U. informs us that the actual receipts of lumber are much larger than his books indicate, as he experiences much difficulty in getting correct reports, any many small vessels arriving with full cargoes do not report to him at all, and if the true amount of receipts could be ascertained, the increase would be much larger than the above.—*Journal.*

DRAINAGE OF THE HUMAN SYSTEM.—The perspiratory pores in a square inch on the palm of the hand are 3,528 in number; with each of which a little tube, a quarter of an inch long, is connected, making the length of tube, in a square inch, 882 inches, or 72 and a half feet. On the pulp of the fingers, the number of pores is a little greater; on the heel, the number is 2,268, and the length of the tube 47 feet. Taking 2,800 as an average of the number of pores in a square inch over the whole surface of the body, and 700, consequently, the length of the tube in inches, the number of square inches of surface in a man of ordinary size being 2,500, there would be 7,000,000 pores, and 1,750,000 inches of perspiratory tube, that is, 145,833 feet, or nearly 28 miles. How important the necessity of attention to the skin, lest this drainage be obstructed!

A CONSISTENT "SON."—The following anecdote is told of a very clever fellow, who had recently joined the Sons of Temperance. After becoming a "son" he went to Mobile on business, and was taken ill there. The physician was called, and on examining him, pronounced him in a very dangerous condition, and prescribed brandy. The sick man told him he could not take it. The doctor insisted that it was a proper remedy, but the patient told him he would not take it. The doctor said he must, or he would have spasms. "Well," said the Son of Temperance, "I will try a couple of spasms first."

PROP. IOWA OFF.—The propeller Iowa, which was aground on Fighting Island, succeeded in getting off night before last, by the aid of a tug and lighter. She was uninjured, and proceeded on her way. She was bound down. The propeller Potomac met her yesterday off Point Pellee.—*Detroit Advertiser.*

Reminiscences of Bunker Hill—Revolutionary Preaching.

George Lunt, of Boston, in a few remarks at a recent public dinner, related the following anecdote of the revolution:

I held in my hand the original journal of Lieut. Paul Lunt, handsomely written as you may perceive, and kept to the close of the year 1775. Allow me to read to you his minute of Bunker Hill fight, and I doubt if ever a more simple account was given of a conflict, so seriously affecting the fate of people, and which, comparatively insignificant as it may have seemed to some at the time, has long since so risen into perpetual reputation, as amongst the marked and decisive battles of the world. The journal thus reads:

"Friday 16 (June,) our men went to Charlston and intrenched on a hill beyond Bunker's hill; they fired from the ships and Cobb's hill all the time.

"Saturday, 17. The Regulars landed a number of troops and we engaged them, they drove us of the hill and burnt Charlston; Dr. Warren was lost in the battle; the siege lasted about three hours, they killed about fifty of our men, wounded about 80, we killed of the King's troops 896: 92 officers. 104 sergeants."

Upon looking a little further, I found the following entry, characteristic of the men and the times, and which I think affords us a significant key to the success of the great struggle in which they were engaged:

"Sunday, 25.—Heard the Rev'nd Mr. Cleaveland preach from Joshua 22 chap. and 22—part of 23 verse."

Of course I looked up the text, and it is, in part, as follows:

"'The Lord God of gods, the Lord God of gods, he knoweth, and Israel he shall know: if it be in rebellion, or if in transgression against the Lord, (save us not this day.")

I know of nothing more appropriate or more pointed than this. These were the men to break down kingdoms and to build up a nation.

Good backers—An Incident of Spiritualism.

A long-bearded customer recently entered a spiritual bookstore in this city and applied for an agency. He proposed to take a large quantity of books to his part of the country, "away out west," where he represented that he could soon sell them, as he was assured by the "invisibles." The enterprising bookseller was of course delighted with this prospect of a sale; but his enthusiasm was somewhat dampened when the long bearded gentleman remarked that he had no money and that he wanted the books entirely upon credit.

"Are you responsible?" was the natural inquiry of the merchant.

"Perfectly."

"What evidence of your reliability can you furnish?"

"I have the best of backers—men whose names you well know."

The merchant's countenance brightened.—"Very well," said he, "let us see your papers."

Thereupon the customer presented the following document.

"*To whom it may concern*:—We, the undersigned, having been acquainted spiritually, with Mr. ——— ——— of ———, Wisconsin, for many years, recommend him as perfectly reliable, and would not be afraid to trust him to any amount.

GEORGE WASHINGTON,
THOMAS JEFFERSON,
HENRY CLAY,
JOHN MILTON, and others.

"Through Jane E———, medium."

The bookseller remarked that the backers were good if the medium was reliable; but he thought on the whole, he would prefer to keep the books. The imposter hereupon denounced the bookseller as an imposter, telling him that he did not believe his own doctrines, and that the spirits would expose his duplicity to the world. Of this he felt asured by the spirit of prophecy within him. The bookseller was not convinced.—*N. Y. Eve. Post.*

A SUBSTANTIAL FAMILY.—A correspondent writing from New Sharon, Me., informs us that in the town of Kingfield, Franklin County, Me., there is living a family of father, mother, seven sons and four daughters. The father is fifty-seven years of age, stands erect, is supple in limb, and has scarcely a gray hair on his head. His height is six feet six inches—weight 215 pounds. His wife is five feet seven inches in height and weighs 160 pounds. The total height of their seven sons is forty-four feet two inches, [averaging six feet three inches]—total weight 1,400 pounds. The total height of the girls is twenty-three feet [averaging very near six feet] —total weight 600 pounds. Total height of sons and daughters sixty-seven feet two inches —total weight 2,000 pounds. This family reside on the high lands of northern Maine, about eighty-five miles from Portland. Neither the father nor any member of his family have ever been addicted to the use of tobacco or intoxicating liquor.—*Boston Journal.*

THE NEW CITY DIRECTORY.

OWING to the large increase of names for the new Directory over any previous year, and the extreme tardiness with which *removals* and *changes* have been handed in since our Canvassers completed their task; together with the great *rush* of other work in the office of the *Sentinel*, where the Directory is being printed, and an earnest desire on the part of the publishers to send forth a work which will alike be creditable to themselves and the City, they have deemed it advisable to notify their friends that it will be impossible to issue the Directory before the *first day of July*, at which time the books will be ready for delivery. Meantime, they trust that every person who has been overlooked by our Canvassers, or has changed his residence, place of business or occupation, will hand in such change to the *Sentinel* office immediately.

☞ Advertisers who have engaged space in the pages of the Directory, will please hand in their favors at once, as that portion of the work is already far advanced.

CIRCUIT COURT, June 30.

HON. ARTHUR MCARTHUR PRESIDING.

H. G. Talbot vs. Mathias Stone et al.

Garret Barry, et al vs Michael O'Brien, case withdrawn from jury and referred.

STREET COMMISSIONERS' ORDERS, &C.—The 3d ward Aldermen order Michigan St., from Main to Milwaukee, to be paved with square stone. Also lot 7, block 42, to be filled. Also the sidewalks on Main St., from Wisconsin to Michigan, to be graded, and paved with brick.

The 4th ward Aldermen invite proposals till 5 P. M. today, for filling lot 11, block 55; lot 6, block 172; lot 7, block 60; and lot 16, block 75.

The 5th ward Aldermen invite proposals for grading the alleys in block 54, Walkers' Pt., and block 5, Milwaukee proper. Also, Railroad St., from Clinton to Monroe, is ordered graded and the sidewalks planked.

The jury in regard to Centre and Teutonia Sts., 9th ward, meet at the Common Council Room, Friday morning.

FILLING THE BAYOU.—The 7th ward Aldermen invite proposals till July 6th, for filling the *bayou*.

NEW BRIDGE.—The Bridge Committee invite proposals for the building of the new bridge at Chestnut St. Thirty days time for proposals is given.

New Publications.

Wisconsin Reports vol. 4.—We are indebted to Banks, Gould & Co., Law Publishers, 144 Nassau St., New York for a copy of the Fourth Volume of the Reports of the decisions in the Supreme Court of this State. The cases argued are determined for the June and December terms, 1855, to the June term 1856. The volume is got up in very good style.

The London Lancet.—MCBORLEY & Co., send us a copy of the London Lancet for June, 1857. It is a medical work of great ability, and its authority ranks high.

We are also indebted to MCBORLEY & Co., for a copy of Godfrey's narrative of the Grinnell Expedition. It is a *quasi* defence of Godfrey against the statements made by Dr. KANE in his admirable account of their perilous adventures in the Arctic Seas; but tho' interesting as a narrative cannot weigh, for a moment, against the official report of the accomplished and gallant Commander —now alas! no more—of that memorable expedition.

SUICIDE.—An extremely melancholy case of suicide occurred yesterday morning in the Fourth Ward. A laboring man named Ryan put an end to his existence by cutting his throat. Ryan was a very industrious and intelligent man, of unusually good habits and was much respected by all who knew him. He had been sick, and confined to his bed for about nine weeks past, and there was very faint hopes entertained of his recovery. He was very poor, and so discouraged with his sickness, that he did several times of late expressed a desire to die.—He committed suicide by cutting his throat in 3 different places while in his bed yesterday morning. Before his illness he was employed in the planing mill of J. R. Taylor & Co. He lived in a small shanty near the Depot of the M. & M. R. R. He leaves a wife and two helpless children to mourn his sad fate.

OLE BULL'S CONCERT LAST NIGHT.—OLE BULL was greeted with a very fair house, at Albany Hall, last night, though not so large as the talents of the prince of Violinists, and the nature of the entertainment merited. He was rapturously applauded at the conclusion of each piece, and his rendering of the Carnival of Venice, was a triumph. Mr. Hornecastle, in his comic songs, has few equals, and before he finished his first piece he was a favorite with the audience. Altogether, it was one of the best concerts that we have ever had, and those who attended were richly repaid. We have not space here to notice it further at present.

ANOTHER CAPTAIN FINED.—The police, we are glad to notice, are determined to enforce the bridge ordinance strictly. Capt. Stephen King was arrested by officer Bohan, and fined $5 in the Police Court yesterday, for keeping the Menomonee Bridge open twelve minutes to get his vessel through. Captains are not generally aware that there is such an ordinance in force, as they do not often read the papers, and they have had such unusual indulgence in keeping our bridges open heretofore, that it makes them feel rather badly to be called to account for it now.

STRAWBERRY FESTIVAL.—It will be remembered that the ladies of St. James Parish hold their Strawberry Festival at the Light Guard Hall this afternoon and evening. The ladies have exerted themselves to make this an excellent entertainment, and it will undoubtedly be a pleasant affair. In addition to the numerous fancy articles offered for sale strawberries will be served up in cream, and all the delicacies of the season, got up entirely by the ladies for the gentlemen especially, who are particularly invited to attend.

FINE ENGRAVING.—We invite attention to the card of Mr. A. D. Dearborn, which will be found in our special notices this morning. Mr. Dearborn is a clever young man and an excellent artist. We have seen specimens of his engraving, consisting of business, marriage and calling cards, door plates, etc., which, for artistic beauty in their design and execution are equal to any that we have ever seen.

A fine Engraver has long been needed in this city, and we think that Mr. Dearborn will meet the public want in this line. His place of business is at 200 East Water St.

PREPARING FOR THE REGATTA.—Several of our City Boat Clubs have been out practising on the river, during the last day or two, preparing for the Regatta on the Fourth. There are to be two races, one for four and six oared boats; the other for one and two-pair sculls.—The course will be from Chestnut street bridge to Walker's Point bridge—(passing through the South and returning by the North opening)—and back to the starting point. Several handsome silver cups will be offered as prizes.

NARROW ESCAPE FROM DROWNING.—A man who was working on a scow in the rear of the M. & M. R. R. Depot fell into the river yesterday afternoon, and as he was unable to swim, narrowly escaped from drowning. Luckily for him there was a good swimmer close by who after considerable exertions succeeded in getting him out more dead than alive. Had he been in a minute or two longer, life would have been extinct.

MILITARY.—Capt. LIEBHABER'S newly organized Company of Artillery, Sappers and Miners, was reviewed, Monday evening, by Gen. GRANT, accompanied by his Staff. The Company made a fine appearance, and their two pieces of artillery are in excellent order. Capt. LIEBHABER hopes to turn out 70 or 80 strong, on the Fourth.

THE CUSTOM HOUSE.—Mr. SHOEFFLER, the new Collector has completed his appointments, and the officers are now as follows:

Collector — MORITZ SCHOEFFLER.
1st Deputy — CARL OLSON.
Deputy and Inspector — GOTTLOB E. WEISS.
Assistant " — WILLIAM KENNEDY.

RAILROAD IRON.—The propeller *Oliver Cromwell* is landing 1760 bars iron for the *Milwaukee & Mississippi R. R.*, and the bark Waterwich 1350 bars for the same company.

The propeller *Burlington* brings 400 bars for the La Crosse and *Milwaukee* Railroad.

THE STREETS.—We trust that the Aldermen of the several wards will see that the streets are placed in a good condition as possible before Saturday, not only for the credit of the city on that day, when a great many strangers will be present, but, so far as the principal thoroughfares are concerned, that the procession may move with some degree of comfort.

SABBATH SCHOOL DISTRICT.—The Sabbath School children of the First Presbyterian Church will have a pic-nic this forenoon on Spring Street hill, in the beautiful shady grounds opposite J. H. Rogers' new house. They will go in procession from the church at 10 o'clock. They will have a merry time, no doubt.

DREDGING THE RIVER.—Mr. Sims, the contractor for dredging the river from Walker's Pt. Bridge north, has set his dredge at work in earnest, and will continue his job till completed. A diminutive tug is at attends the machine to carry the earth away in scows as fast as they are loaded.

NEW STYLE OF SUMMER HATS.—"Uncle Ben" is just in receipt of a new style of Summer hat from New York. They are called "Ventilators" and being light, airy and tasteful, are well calculated for warm weather—when warm weather comes. Meantime, UNCLE BEN has hats for all sorts of weather, which is just what we have been enjoying here these three months past.

HURDLE RACE THE FIRST OF JULY.—A regular English Hurdle Race comes off on the Cold Spring Course the first of July. There will be about half a dozen horses and some twelve jumping places. Other races at the same place, on the 2nd, 3rd, and 4th of July.

GERMAN TYPE.—Our friends MILLER and STARR, of the Northwestern Type Foundry, we learn, are getting up a new dress for our German cotemporary, the *Banner*. They are getting their Foundry in full headway, and deserve an abundant success.

STREET COMMISSIONERS ORDERS.—The Fourth Ward Aldermen order that Wells st., from East Water st., to the new Oneida St. bridge be graded and the sidewalk made. This is in order to be ready for the bridge, which is now rapidly approaching completion.

A WOMAN THRASHER.—A semi-barbarian, named John Egan was sent to the county jail by Justice Walworth yesterday, for fifty days, for beating his wife.

POLICE COURT.—There was a larger number of cases tried in this Court during the past month, than there ever was in one month before.

NOTICE.—If the person who has the flag belonging to Engine Co. No. 1, will return the same if he has got through with it, he will greatly oblige the Foreman.

The Calliope, Coming.

This latest and in some respects the greatest of Musical wonders, is to be exhibited in the city of Milwaukee on Friday and Saturday, the 10th and 11th of July. The novel and interesting application of steam in the exhibition of music is the all absorbing excitement in the exhibition world this season, creating a great sensation wherever it appears—thousands pouring in from all parts of the country to the places where the Calliope is announced to play.

The instrument is owned by Messrs. Nixon & Kemp, proprietors of the "Great Eastern Circus," and is played daily outside the canvass and through all the public thoroughfares, in order that the entire population may witness its astonishing effects. Of its performances and the amount of harmony which this colossal Steam Orchestra produces while playing some of its favorite airs, there are divers and conflicting opinions. Those having a good musical ear, they say, are charmed with its performances, while the uninitiated in the concord of sweet sounds on such a grand scale, are inclined to believe that the sounds of the Calliope would sound best at a great distance off. But all all agree upon one point, that it is the greatest of musical curiosities. Nixon & Kemp have purchased from the inventor the exclusive right of playing the Calliope in all the Western States, and are reaping a golden harvest from the monopoly, in connection with their extensive Equestrian troupe.

The Circus Company of Messrs. Nixon and Kemp is everywhere spoken of as the very best ever organized in the United States. Its principal members comprise the native performers of five different nations, among which are a party of Chinese Jugglers and a band of Arabian Acrobats, containing some of the most accomplished artists in their line in the world.

Another feature in this outside exhibition is the ascension by a young lady (M'lle Louise) upon a single wire to a distance of some two or three hundred feet and at a frightful elevation from the ground. M'lle Louise is said to have been the first who ever achieved this daring feat, and to far excel her imitators both in skill, grace and courage, never having met with the slightest accident during her performances.

As the future success of Nixon & Kemp's Circus depends entirely upon the favorable impression which their novel and diversified performances will make upon the public, it is reasonable to infer that in this, their first season through the West, the Company of these young and enterprising Equestrians will not only perform well, but will do all they advertise in their bills, which of itself would be a novelty we do not often witness.

London, Saturday morning—From the *Times'* city article, it was announced that the acceptances of John Songhon & Co., of Liverpool, ship brokers, had been returned. The liabilities of the firm are stated to amount to £75,000. The funds had been steady—a slight improvement for best —but the market shows little tendency to animation. Money in request during the morning at the banks. Minimum rate of 6 per cent. Later there was a better supply.

ENGLAND.—The Catholic members of Parliament generally, are still in opposition to the oath bill. At an adjourned meeting of influential Catholics, a resolution was carried affirming that the bill was practically a re-enactment of one which was allowed, even by Protestants, to be insulting and offensive, and earnestly requesting all the Catholic members of both Houses of the Legislature to oppose the bill at every stage.

The operations on the frigate Niagara were expected to be completed by Saturday, the 20th, on which day she would leave Portsmouth for Liverpool, to forthwith commence shipping the Marine Cable.

The officers of the Niagara were being hospitably entertained by the naval authorities at Portsmouth.

The weather in England continued very fine, and the crops were in a most flourishing condition.

FRANCE.—The election canvass continued very animated, but presented no new feature. The democratic party was still divided and likely to continue so. It was supposed that none of their candidates if elected would take the oath to the Government, although their organs refuse to give any satisfaction in the matter.

Lord Hamilton inquired if Government had demanded reparation for the British property destroyed.

Lord Palmerston replied not, the law officers of the crown having given an opinion that the demand could not be sustained.

Roebuck and others denounce the outrage as an insult to the honor and flag of Great Britain, which ought to be maintained. Lord John Russell and others defended the Government, and the subject was dropped.

The number of British cruisers on the coast of Cuba is to be increased.

The continental news are unimportant.

The French election excitement was increasing.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

"FACTS ARE STUBBORN THINGS."

WEST'S
PATENT GALVANIC CEMENT FOR ROOFING!

IT MAKES a better Roof than Tin, at less than half the cost. Those who know it best speak of it in the following terms:

We were present at the disastrous fire in Salina, last fall, and took particular notice of the effect of the fire on "West's Galvanic Cement" Roofs. The composition was fire proof. Burning boards and cinders fell on the roofs, and did no harm. The inside of the buildings were burned out, and the roof boards almost entirely consumed, before any fire would break through the roofs—it will resist fire longer than tin, and there is no other kind of roofs that are so entirely proof against water.

Syracuse, March, 1857.

Alexander Duff, A. Crippen,
G. P. Johonnot, Elmer P. Morse,
P. Ford, James Johonnot.

The superior claims which this Elastic Composition,
Fire and Water Proof Roofing,
Has over the various ordinary Cements and Compositions which have been offered to the public, consists in the FACT that it has proved for over *fifteen years worthy the confidence* of those who have given it a trial, and to this FACT we attribute the general favor and universal patronage it is obtaining in this City and State.

To all who are erecting new buildings, that would if possible, at a reasonable price, avoid the perplexity and annoyance of *defective and leaky roofs,* and secure such as will be a *perfect protection from the elements,* we submit the following facts and conclusions:

To the Proprietors of West's Patent Galvanic Roofing:

GENTLEMEN:—We are some of the numerous property holders of this city, who have availed ourselves of the advantages which your Elastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far, fully sustain and corroborate the *proof* you have heretofore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material:*

J. B. Cross, Daniel Newhall, Alanson Sweet, E. B. Wolcott, E. Button, O. Alexander, M. A. Krug, B. Heller, Ernst Herzer, F. A. Halman, builder, Tibbetts, Starkweather & Co., J. B. Tarey, Wm. P. Young, John Rosebeck, B. & S. Staals, Th. Weitstein, Babcock, Bros., builders, W. H. Metcalf, G. Pfister & Co., Haven Powers, G. A. Starkweather, J. B. Weld, Chapin, Gregory & Almour, Baker & Isham, Charles R. Austin, J. H. Sikman, Martin Curtis, Elisha Starr, P. Lowe, W. P. Merrill, H. Renkle, builder, Ch. Preusser, F. Roddis & Co., Geo. F. Austin, H. A. Nichols, Martin & Rugee, builders, H. H. Camp.

Within the past year, I have paid THREE HUNDRED AND SEVENTY-THREE DOLLARS for repairing leaky and defective roofs. The composition used for such improvements is known as *West's Galvanic Cement* for roofing. I am so well satisfied of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan streets. ALEXANDER MITCHELL.

During the winter of 1856 and 1857, I had West's Galvanic Cement Roofing applied to the Excelsior Block, erected on the corner where the United States Hotel was burned. This roofing, although yet in an unfinished condition, having only about one-half the composition of a complete roof, and that in the most unfavorable season, is in all respects answering the purpose of a complete roof. These facts, together with many others within my knowledge, are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most perfect and reliable article for covering buildings, that has been offered to the public.
J. B. CROSS,
Mayor of the City of Milwaukee.

I have had the composition above referred to applied to the Newhall House during the past winter, and my experience, knowledge and opinion correspond with and fully corroborate the above facts and conclusions.
DANIEL NEWHALL.

From our knowledge of the composition for covering buildings, known as West's Galvanic Cement for roofing, which has been very extensively used in this city the past year with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use, and worthy of the fullest confidence of the public.

As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers of France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans kid slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceeds in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one that the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it.—It can be obtained of all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & Co., 335 BROADWAY, NEW YORK. A liberal discount to the trade. As there is an inferior article in the market, buyers will be careful to see that the name of CLARK & CO. is upon each bottle which they purchase. je11e574d3moHSS

BOERHAVE'S
HOLLAND BITTERS
JE MAINTIENDRAI
THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE.
And the various affections consequent upon a disordered
STOMACH OR LIVER,

SUCH as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.

IS A GREAT SCIENTIFIC Medical discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

SANFORD'S LIVER INVIGORATOR

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain, sober facts, that we can give evidence to prove, while all who are using it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Hudson County Democrat.*

PATENT ELASTIC FIRE & WATER PROOF
CEMENT ROOFING,
Office, No 249 Main Street, 1 door North of Wisconsin

THE undersigned are now putting on this Celebrated Roofing Material, in this city and vicinity, and are prepared to contract with those who may wish a cheap and durable roof; one that has not only been THOROUGHLY TESTED, but has rendered perfect satisfaction wherever it has been tried, and so confident are we of its superiority over all other roofs, we do not fear or hesitate to warrant it for years. It is perfectly elastic, flexible, fire and water proof. It will not crack, melt, or rot—it contracts and expands with the change of the atmosphere—in fact this

Roofing is Practically Imperishable.

It is applied by laying saturated felt paper, a body of itself, (separate and independent) on the roofing boards (or as it is commonly called sheathing) over the paper, the canvass; on this the cement is applied, which becomes thoroughly saturated, thereby being no possibility of the material cracking by the shrinkage of the timber underneath. It can be applied to old tin, iron, zinc, tar and gravel roofs, making no difference how steep or flat they may be.

We invite those who are interested in getting a roof that will stand the test of cold or hot weather without being the least affected, to call on us and satisfy themselves by examining our specimens and roofs that have been put on in this city. We ask the attention of Architects, Builders and all others, to the nature of this roof, and court thorough investigation, feeling assured that we are presenting to the public an article worthy of their attention.

We have put roofs on for the following gentlemen in this city who have given us the liberty of referring to them in regard to the good qualities of our Cement, viz:

Messrs. W. A. Conway & Co., Steam Planing Mill, Third Street, near Clybourn.

Messrs. Crampton & Oakley, " " Fowler street, between 4th and 5th.

Messrs. W. S. Babcock & Bro's, Master Builder, 2d st., between Sycamore and Clybourne.

Mr. F. A. Hallman, Master Builder, residence 8th st., between Spring and Wells.

Mr. John Marquis, Master Builder, corner Jefferson and Martin sts.

Mr. George Southwell, residence on Jefferson st., between Division and Knapp.

Mr. John P. Harris, contractor and builder.

And hundreds of others who have used this roofing in Chicago and Cincinnati, all of whom have unbounded confidence in its superiority, and many of whom have given us their written testimonials, and the liberty to refer to them if required.

We also refer to the following gentlemen as to our responsibility in performing any contract we may enter into with parties who may engage their roofing; viz:

E. D. Holton, Esq., President of Farmers' and Millers' Bank.

Messrs. Littell & Baker, Wholesale Grocers, No. 169 East Water St.

Messrs. Patton & Williams, " " " 15 Spring St.

John F. Martin, Esq., Banker, Madison, Wisconsin.

D. R. Shipley, " " " "

For further reference, &c., see pamphlet issued by us.

We will furnish this Cement to those wishing it residing out of the city, with printed directions for applying it, which is simple and easily put on, as it is used cold.

Any information in regard to the above roofing will be cheerfully given by us, and orders sent to the firm by those who are at a distance, through the Post Office, Box 945, will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns in this State on which to use the above roofing.
